
Title: For the Shadow Lords

Author:

We have come to this
place of light and love,
Not to kill the worms
that inhabit it
We come to honor it
For the city of Yew has
been chosen...

Astaroth!
Faulinei!
Nosfentor!
The Shadows come!

From the unholy depths
of darkness,
To the places of great
evil,
We call them to us
For Obilvion beckons.

Astaroth!
Faulinei!
Nosfentor!
The Shadows come!

This realm is filled with
the light,
And this land is of
Justice,
Soon it shall be tainted
by darkness,
And this land shall reek
with death and decay.

Astaroth!
Faulinei!
Nosfentor!
The Shadows come!

*Ritual leader bows to
the ritual members*

And now...
We, the agents of evil,
shall give ourselves,
For with our sacrifice,
we shall strengthen
The Shadow Lords come...

Glory be to Obilvion!

*Any partaking in the
ritual will now proceed to
drink deadly posion and
die*
